Description : Description du produit Laine Blackwell has quit her job and plans to enjoy herself before heading to grad school in the fall. At the top of her list of fun things? Finding a Man To Do! When her hot-and-sexy ex, Grayson Alexander, asks to stay with her and promises not to take advantage of the situation, Laine's fine with it. But how can she meet a Man To Do when the man she's always wanted is sleeping right in the next bedroom? Grayson's never forgotten Laine. As much as he's tried, she's always been on his mind. Moving in with her seemed like a great idea--what's a little sex between friends? Of course her mission to find a Man To Do puts a wrench in his plans, but Grayson's not one to roll over and play dead. Seducing Laine won't be easy, but it'll be the most fun he's ever had!

After she quit work eight years ago to be with her first-born son and nearly went out of her mind with boredom, she started writing. Yes, she was the clichd bored housewife writing romance, but it was either that clich or seduce the mailman, and her mailman was unattractive. 14 sales later, to Harlequin Duets, Temptation and Blaze as well as 3 Harlequin special projects, the mailman is still ugly and Isabel can safely say she made the better choice.
